Konradin  
Publishing Group

Konradin Publishing Group is one of the largest providers of specialist information within the German-speaking world.

The Konradin media portfolio comprises some 50 trade and special interest magazines, online portals and live event series, backed up by professional services ranging from corporate publishing to printing.

Konradin, a family-owned company founded in 1929, has today grown to become a successful independent media group with a consolidated group turnover of some Euro 105 million, employing around 600 people.

Konradin magazines stand out through their subject-specific expertise and many have been keeping the industries they serve informed for decades.

The core activity of Konradin Media is to deliver professional information tailored to requirements across all channels. Usefulness and efficacy are the prime concern, together with a focus on identifying developments early and highlighting prospects in order to inspire new approaches.

# Services **Market research**

## Our offer

Konradin market research renders complex sales segments more transparent, analyses decision-maker target groups and explores technological trends. We collaborate with established market-research institutes and can apply the entire range of method instruments, depending on your requirements.

Our range of services includes:

## Advertising impact research:

This includes copy tests, pre/post-test campaigns and advertisement motive tests.

## Individual market/target-group studies:

Customer awareness/brand image/customer satisfaction studies, surveys on target-group structures, market environment and products.

## Joint studies:

These are market/target-group studies assigned jointly by several manufacturers or providers with Konradin acting as neutral publisher.

# Market research

## Advertising impact research

For many of our titles, we carry out regular advertisement copy tests and our advertising customers can participate free of charge with their advertisement. These copy tests reveal powerful insights into the effects of advertising. We have compiled our findings that have been consolidated over the years in a white paper that you can request from us.

In addition, we offer individual advertisement motive tests where one or more motives can be tested:

- Attention performance and distribution (e. g. click tests with heat-map generation)
- Pleasure/displeasure characteristics, image effect, activation potential, etc.

## Konradin target group surveys (panels)

Our target group panels allow for a simple and cost-effective method to generate answers from defined target groups.

We regularly conduct surveys with e. g. painters, joiners and opticians who, being the readers of our trade magazines, are in contact with us and give our editorial teams feedback on current topics.

Please address the media consultant of the relevant magazine if you would like to use this method to survey your market.

## Market studies as theme setting

The outcome of studies might surprise you, offer a basis for discussion and spark new ideas and perspectives.

Market studies set up together with our editorial teams can help raise your target group's awareness for specific topics and draw attention to your company and your services.

We offer everything from a single source: data collection, creation of a study abstract with the most important results, publication of selected findings via suitable Konradin media.

## Individual market surveys

Studies conducted by mail, phone or online – we tailor study concepts to your needs and implement them professionally.

Based on our long-term experience with B2B studies, we know which method is best suited for the respective objectives and target groups. We can offer practical advice based on your particular interests and support your question-definition process with tested sample questions.

We specialise in tailored, company-specific B2B communication. Our range of services includes all types of corporate communication: print, online and events. We offer expert advice and develop compelling concepts in collaboration with our customers. Our technical and industry expertise focuses on the same areas as those covered in our media, particularly architecture and trades, the world of work, and additionally science and technology.

We can prepare content for you whatever level of detail is required, whether it is for a magazine or a newsletter, a specialist Internet forum or a popular science magazine. Our services range from the initial concept to final implementation and include all necessary consulting, project management, cost control, graphics and editing services.

We are always looking for opportunities to take a cross-channel approach.

## Corporate Media Services

### Corporate Publishing

The Konradin Corporate Media Service has determined its goal to be that of making communication come to life and to be attractive. We add pep and pleasure to the relationship with your partners. To enable your products and references to reach the desired target group using an exceptional range of media, we offer you a tailored communication option for the desired focal topic.

You determine the goal for the content with professionally written pieces about exceptional projects, interviews and product reports. We will assist you with our full specialist media expertise in the conception process, implementation and sales by means of a supplement in our architecture magazines or online.

- Customer magazines
- Paper newsletter
- Reference brochures
- Online magazines
- E-paper

### Exclusive architect event specifically developed for you

40 architects visit up to 4 production sites or architectural projects over the space of 2 days. The participants gain exclusive insights into the manufacturing facilities of the companies that are visited or in the products used in building projects.

#### Aim

All the sponsors enjoy intensive personal contact with architects and planners having a specific interest in your product and its utilisation. The programme of events is rounded off with intensive networking at an evening dinner containing a talk on an architectural topic.

#### Become a sponsor

Including media services (invitation advertising, banner campaign, special newsletter and booklet) as well as a professionally written report.

BEFORE-DURING-AFTER the architectural event (online, print, newsletter)

# Services **Media production**

## What we offer

KonradinHeckel is a leading media production service provider and one of Germany's largest web offset printers. It operates from two plants in Leinfelden and Nuremberg, where our state of the art production facilities are able to print your jobs to the highest professional standards.

In short, we deliver tomorrow's standards today.

We specialize in

- **magazines/customer magazines**
- **catalogues and inserts**

Our range of services spans prepress, sheet-fed and web offset printing as well as postpress and innovative ideas for your printed product.

## Media production

### High-performance machinery

means to us: We operate five Manroland web offset presses: one 16-page, one 32-page, one 48-page and two 72-page presses. There is full compatibility between the two sites for all products and, thanks to our in-house production according to the offset printing process standard, a high degree of reliability is assured. With CO<sub>2</sub>-checked, FSC®- und PEFC certification, carbon-neutral, environmentally-friendly production is also guaranteed.

### Digital Print Sharing: teamwork-net

Our teamwork-net Internet portal allows you to transmit your print data quickly and securely, to make corrections and to issue approvals. All those involved can check the current state of production at any time and from any location. The result: simplified approval, short throughput times, lower costs.

### Print&Forest environmental project

Through Print & Forest, we offer every customer the opportunity to obtain carbon-neutral printed products from us. We plant trees in Paraguay for each print job carried out under the initiative. The round Print & Forest logo, which our customers can have displayed on the cover of their publication if they wish, specifies the precise number of trees planted.

### TurnPages ePaper

The flip-page ePaper with added value. Make the best impression online with TurnPages. The Highlight: The look and feel of the print material becomes a fully interactive experience online, thanks to the attractive scroll function - and, if desired, with numerous additional functions such as Webshops, for example.
